

Who we are:

Strategic Learning Solutions (SLS) consults and partners with agency leaders to create a customized learning strategy that develops and sustains a high performing workforce aligned with the Governor's priority for education and workforce development.

SLS is charged with assisting agencies in developing and retaining top talent by building a continuous learning culture that equips employees, supervisors, and leaders with the tools needed to excel in their roles. SLS is responsible for all non-technical employee learning and development, leadership development, talent management and succession planning strategies designed to support an agile and high performing workforce to achieve the state's strategic business goals and objectives.

How you make a difference in this role:

This is a compelling opportunity for a number of reasons. First, the person serving in this role will report to the Talent Management Administrator and provide leadership oversight to the first enterprise wide learning and development center. Second, the person serving in this role will have an opportunity to contribute to the state's goal of recruiting, retaining, and rewarding top talent. Finally, the person serving in this role will work with the first Chief Learning Officer for state government in the country who has established Strategic Learning Solutions as a nationally recognized leader in learning and leadership development in the public and private sectors.
